Mr. Lawrence Houston
2430 "E" Street, N.W.
Washington, D.C.

Dear Mr. Houston:

About four weeks have passed since I was in Washington, and I have not yet heard anything from CIA. Though it may still be too early to expect any information, I am nevertheless curious to know whether there are any developments regarding my application.

If you have a chance, without inconvenience to yourself, to get any information on the subject, would it be too much to ask you to send it to me? -- especially whether prospects of my being appointed to the staff are favorable, and, if so, when I might reasonably expect to receive such an appointment.

Thanking you for any work you can give me, and with best wished to yourself, I am

Sincerely,

STATOTHR
